A MESSAGE FROM JOHN TOTH PRESIDENT OF LOCAL 195

Hello All,

As of midnight (Tuesday, January 30th) our members at Motor City Chrysler will be on strike for a fair agreement.

The Sales, Service and Clerical employees are members of Unifor Local 195 fighting for respect and against concessions. Despite numerous bargaining sessions, the company has not moved off of their position for across the board concessions. These include, but are not limited to claw backs on holidays, benefits, wages and working conditions.

We are asking for your support in this battle that affects all of us. Please show your Solidarity with our members in their fight for respect and a fair agreement by stopping in on the picket line and offering encouragement.

If necessary, we will escalate our efforts in the near future and may call on you for additional support in the coming days and weeks.

In Solidarity,

John Toth,
President,
Unifor Local 195
519 253 1107
